Judith Cai

Business Development Director  
Corning Advanced Optics

Judith Cai is the Business Development Director for Corning Advanced Optics, where she leads the strategy, commercial operations, and business development for the GlassCore Program. In her role, Judith drives innovation and growth, leveraging her expertise to create impactful solutions and expand Corning's presence in the advanced packaging industry.

Judith joined Corning in 2014 after earning her Master of Business Administration from Cornell University. Since then, she has held key roles across multiple Corning MAPs, gaining deep experience in business development, product line management, and strategic planning. Prior to her current role, she served as Chief of Staff to the CTO of Corning Optical Communications, where she played a critical role in shaping long-term business technology strategies and fostering organizational alignment.

She earned her undergraduate degree in Electric Engineering from Suzhou University in 2007 and her Master of Business Administration from Cornell University in 2014.
